# Diabolo Cream Separator 600 lbs only \$46.75

Its the sensation of the world. The bowl is made from the best Swedish steel. It has upper bearings. Main frame is strong and durable. The base is cast in one solid piece. The gearing is all contained in the main frame of the machine. It is guaranteed to produce as fine a quality and as great a quantity of cream and butter as any separator made. It has fewer discs to wash than any other machine. Its light running and easy to regulate. All bearings are made of the highest phosphor bronze. Call and see this wonderful machine before you buy

### **Danger Pennies**

### How False Economy in Lubrication Often Proves a Boomerang

Let us look at some plain arithmetic. Suppose your car cost \$1,200. At the end of the year you reckon expenses and roughly, you find: Depreciation in selling value, say \$400; tires, approximately, \$100; repairs ?; gasoline, 5,000 miles at 2c a mile or less \$100; insurance, say \$65; lubrication, perhaps as much as \$10. Total \$675 plus.

Lubrication comes last-at a trivial \$10.00 a year. It is human failing to treat such small outlays lightly.

Some motorists do not yet realize that oils which can be sold at pared down prices cause pared down efficiency, and send total yearly expenses up-not by mere penny steps but by real dollar leaps.

Consider depreciation: Why does it loom up so large? Not enough attention paid to that \$10.00 a year. When all cars are given sufficient oil for their motors, automobiles

will command higher re-sale prices. We keep on hand a full line of VACUUM OILS for bi cycles, motorcycles, automobiles. gas tractors and threshing We guarantee this oil to be the best on the market. Sold by the quart, gallon, 5 gailon or barrel.

Bud Law returned from Utah last pleasant time was reported. Those in his choir in Kansas City on May Miss Mary Hille, Mrs. Ren Larabee, Jeanne Kirkendall gave a lecture Farmer. Mrs. Dick Hille, Miss Georgie Moore,

To World: In answer to several questions regarding loco Prof. Rob-Go to the Garden theater, Friday erts of Mannattan sent quite a long night. June 23, to hear Franz sing letter, and also had a Mr. Smith call at Wa-Keeney to make further investigations. Briefly, only the blue on purple flowered weed that grows down from Collyer last Sunday and in large low bunches, being wooly and white in foliage is poisonous; although they have a white flowered plant in Colorado also called loco that possesses the same nature although The bonds were defeated by a vote of a different kind of plant altogether. It is only in some soils and only when eaten in large quantities that it becomes dangerous and effects horses more frequently than cattle. According to the government investigations. the poison seems to be barium and since soils and conditions effect the assimilation of such poisons, only a few places in Trego county are essentially dangerous to stock, still this is uncertain as yet and further investiual number of seeds to germinate, it being slow to germinate as a rule. There is at least one and possibly several parasites that work on the crown of the plant and cause its death or prevent spreading when the balance of nature is reached. Perhaps methods of easy elimination will Special music at Voda Sunday be found that will enable us to keep

In every community you will find a few fellows who have well earned reputations of always being against everything. That is they are generally to be found on the wrong side of all questions. If some public enterprise is up they are against it. If the legislature passes a certain bill it is wrong. They think it is a mistake for a man to build such a large house and it is foolish to spend money for bluegrass for the front yard. They think that things that were good enough for our forefathers ought to be good enough for us. Such things were good enough for our forefathers because they were the best to be

Mrs. Claus Schumann returned home Thursday after several days visit with Wa-Keeney relatives.

A lawn social and supper was given in honor of Mrs. Perry Johnson of Glasco, Kan., and Miss Mary Hille of Carthage, Mo., by their friends in the Carthage, Mo., by their friends in the Carthage, Mo., by their friends in the pleasant time was reported. Those present were: Mrs. Perry Johnson, Miss Mary Hille, Mrs. Ren Larabee, Miss Mary Hille, Mrs. Ren Larabee, Miss Mary Hille, Mrs. Ren Larabee, May 13th.

Allene Nelson and May Harlan had parts in the May Fete, an outdoor play, given in a grove on the University being "against" is a sort of a disease. It is chronic and to get rid of, but it is possible to eradicate it. If you expect to find a community where there are no contrary people you are on a hopeless in his choir in Kansas City on May 5th. Jeanne Kirkendall gave a lecture Farmer.
